

## Upcoming Events

### Field of Dreams Conference

student submission deadline  
 September 9, 2016

### Workshop on Distributed and Parallel Data Analysis (DPDA)

Research Triangle Park, NC  
 September 21, 2016

### Stem Faculty Launch Workshop

Worcester Polytechnic Institute  
 September 22, 2016

### StatFest 2016

Howard University  
 Washington DC  
 September 24, 2016

### Field of Dreams Conference

St. Louis, MO  
 November 4-6, 2016

### NAM Undergraduate MathFest XXVI

Morgan State Univ.  
 November 13-16, 2016

### MAA-AMS Joint Math Meetings

Atlanta, GA  
 January 4-7, 2017

## StatFest 2016

### A One Day Conference in Statistics for Undergraduate Students

Sponsored by The ASA's Committee on Minorities in Statistics  
 Hosted by Howard University.

**Date:** Saturday, September 24, 2016 from 8:30 am –5:00 pm.

**Place:** Room 2019, L.K. Downing (Engineering Building)  
 Howard University 2300 6th Street, NW  
 Washington, DC 20059

**Contact:** Jesse Chittams: [chittams@nursing.upenn.edu](mailto:chittams@nursing.upenn.edu)  
 Talitha Washington: [talitha.washington@howard.edu](mailto:talitha.washington@howard.edu)

**Cost:** Attendance is free although registration is required. For more information and to register visit  
<http://community.amstat.org/cmis/events/statfest>

Students with analytical interests are encouraged to attend. Come network and learn about an exciting career and graduate study opportunities in the statistical sciences!

## Field of Dreams Conference Deadline

Student nominations for the Field of Dreams Conference, must be submitted no later than September 9, 2016.

Faculty members will need to submit early, as student selection will begin Sept. 1st., before the deadline.

See this link for more information: <http://mathalliance.org/2016-field-of-dreams-conference-student-nomination-form>

## SAMSI Undergraduate Workshop

### Undergraduate Workshop: October 24-25, 2016

**Location:** SAMSI, Research Triangle Park, NC

**Apply:** <http://samsi.us11.listmanage.com/track/click?u=f8d81ec133891cc606c5dc3af&id=96289ad2e5&e=873e5bd3a2>

**Application deadline:** September 9, 2016.

As part of its Education and Outreach Program for 2016-2017, the Statistical and Applied Mathematical Sciences Institute (SAMSI) will host a two-day undergraduate workshop on topics of current interest in statistics and applied mathematics. In addition to an overview of current and planned SAMSI Research Programs, the program topic on Statistical, Mathematical and Computational Methods for Astronomy (ASTRO) will be covered in some depth.

The workshop will focus on Population Modeling & Signal Separation for Exoplanets & Gravitational Waves (GW) and will feature introductory lectures on statistical methodology for interpreting detection of exoplanets, GWs, as well as using those to infer the underlying population of planetary systems and GW sources. Hands on illustrations will be presented and the participants are encouraged to bring their laptops.

**Questions:** email [ugworkshop@samsi.info](mailto:ugworkshop@samsi.info)
